

SNS DESIGN THINKING PLAY

Designed for: Grade 3, 4, 5, 6, 7, 8, 9

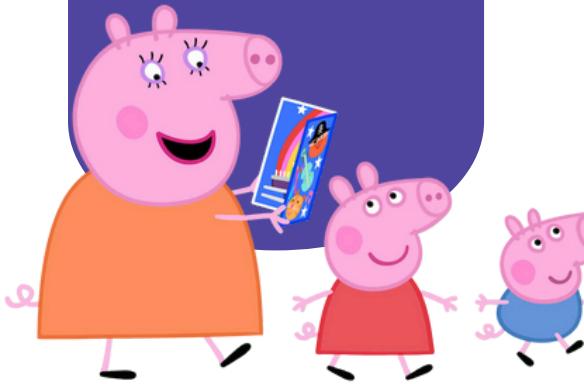

Welcome

Hello! We are going on a fun adventure to find amazing ideas! A Design Hero is someone who helps others by solving problems. Your Mission: We will use 5 Super-Steps to make the world better!

Our Big Challenge

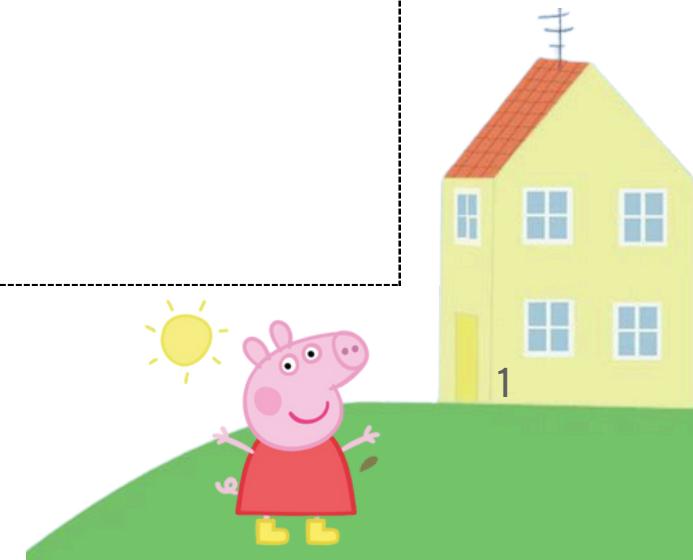

User's Problem

Write your problem statement in the space provided below.

faces, when it happens, and why it

Because

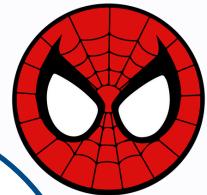

What is it?

We are like detectives! We watch and listen to understand how people feel and what they need.

Define the problem in a story: Explain who is facing the problem, what is happening to them, when it happens, and how it affects their life. This makes the problem easy to understand.

Explain who is facing the problem

What is happening to them?

When it happens?

Why was it a problem?

Empathize & Define

My user picture

Activity 1: Find a User

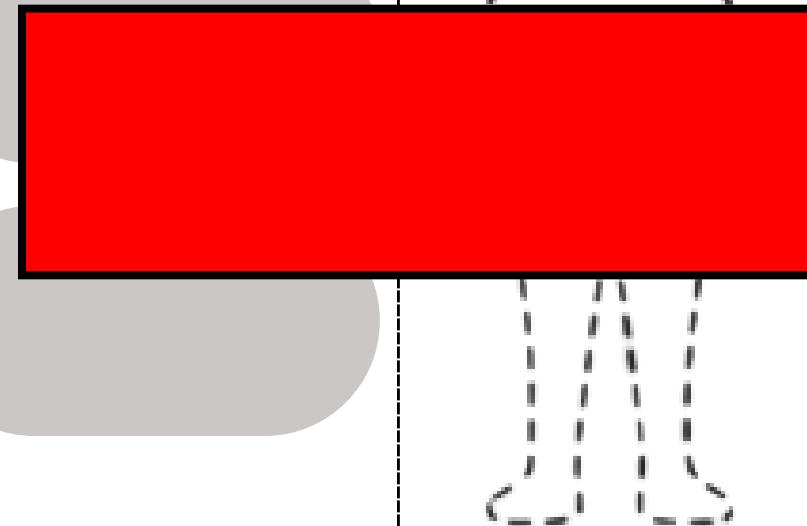

What is the user name?

What problem do they have?

How old is the user?

When does it happen?

What do they wish?

Colour the above picture according to your user wish

Empathize & Define

How Do They Feel?

In this space, draw or write up to 3 sad & happy moments that show how the user feels

Sad Space (User's Problems)

Happy Space (Solutions to the Problems)

Empathize & Define

My Product Will Help!

This page will help students write down the problems faced by the user.

Forming the problems to solve

Which problem am I solving for?

Whic

Which problem am I solving for?

Ideate

Think Big!!

Rule: Write/ Draw fast
and don't stop!

It's Brainstorming Time!

We draw ALL the wild, silly, and wonderful ideas we can think of. No idea is too crazy!

Crazy 6 Ideas:

Draw/ Write 6 fast ideas for your solution! Done!! Don't worry if they are messy

Idea 1

Idea 2

Idea 3

Idea 4

Idea 5

Idea 6

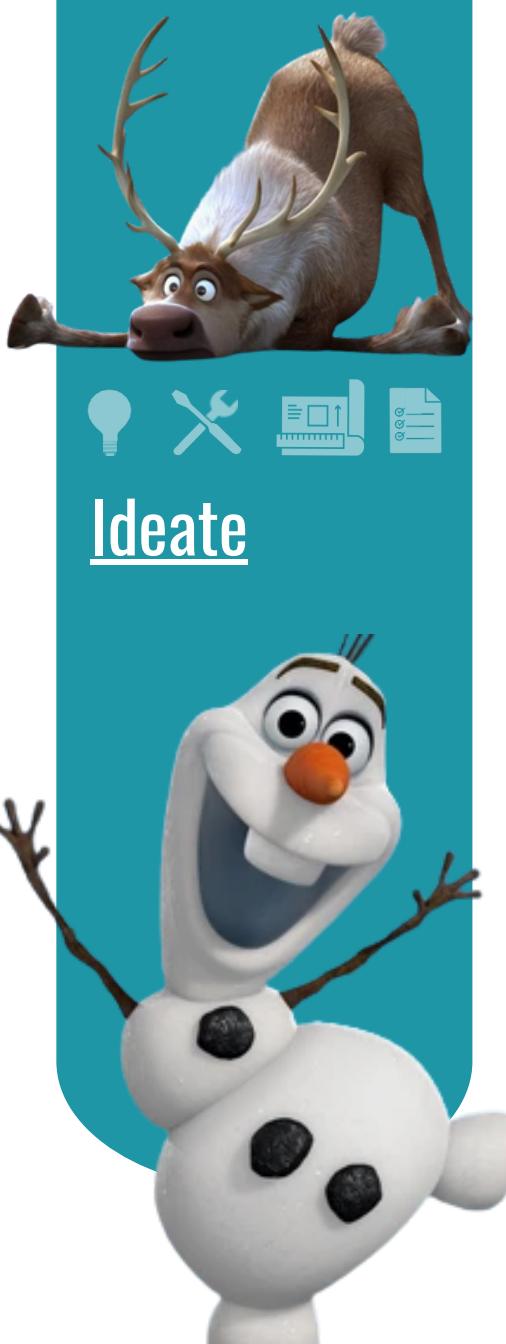

Validating the Ideas

Now it's time to look at each idea or solution one by one. This will help you find the best solution — the one that is easy to use, helpful for the user, and something that more people will want to buy. Write down your solutions and choose the one that works the best.

Ideas	Score your Idea out of 10	Does it solve the problem well (Yes/No)
Idea 3-		
Idea 4-		
Idea 5-		
Idea 6-		

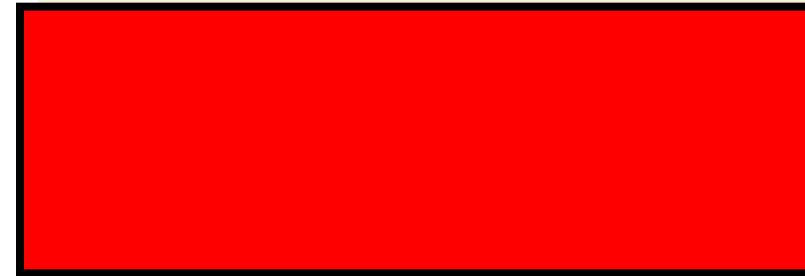

My Best Idea:

Look at 6 ideas. Which one will be the best? Which one will help the user most?

Write/ Draw your best idea **BIG** here

The super IDEA is called (give it a fun name!): _____

INDIAN UNICORN STARTUPS
